

New York State School Safety Group 491

A Distinguished History of Workers' Compensation Solutions

With a program immersed in a 35-year-old history, New York State School Safety Group 491 continues providing Workers' Compensation insurance solutions to New York's schools. The specialized program ensures school employees who serve our communities and educate our children receive the appropriate Workers' Compensation coverage. The Safety Group 491 program is available to all elementary and secondary public & private educational institutions (K-12).

Delivering Strong Benefits
